

Web Developer

VICE started in 1994 as a newsprint monthly in Montreal and is now a global youth media company that includes print, events, music, online, television, and feature film divisions that operates in over 30 countries. VICE is the industry leader in original video for the web. With dozens of original series franchises across all content categories, VICE publishes about 60 minutes of new video content every day. For further information and additional background, please visit www.vice.com.

OVERVIEW

VICE is looking for a few good web developers. Our technology stack includes PHP, MySQL, NodeJS, Linux, a whole slew of JS frameworks (jQuery, BackboneJS, AngularJS), Sass, HTML5, and CSS3 (among others). The ideal candidate will be comfortable across the whole stack with expert-level knowledge of either the front- or back-end. Web developers at VICE have the opportunity to work on a large number of projects which reach across the entire spectrum of media produced by VICE. From print to web to music and movies and television, VICE does it all and the technology department ensures that people around the world are able to access this content 24 hours a day from any connected device.

ROLES AND RESPONSIBILITIES

- Build usable web based software
- Learn and maintain an existing code base
- Wireframe and implement new features
- Write clean, efficient, well commented code
- Collaborate and work efficiently amongst a team of developers and designers
- Work autonomously and be comfortable building websites from start to finish.

QUALIFICATIONS

- 3-5 years professional web development experience.
- Experience building scalable websites.
- Demonstrable knowledge of PHP, HTML5/CSS/JS, and/or MySQL.
- Experience working with RESTful APIs.
- Experience building websites for various screen sizes.
- Opinions on and experience with various PHP or JS frameworks (e.g. Yii, Symfony, BackboneJS).
- An interest in writing highly-optimized SQL queries.
- Strong project management skills, ability to meet deadlines
- Experience with Macintosh computer programs

COMPENSATION

VICE offers a comprehensive benefits and compensation package that is commensurate

with experience and abilities.

HOW TO APPLY
